

# HOLIDAY WISHES FOR OUR HEALTHCARE HEROES

U.S. CONGRESSWOMAN  
**MIKIE SHERRILL**  
REPRESENTING THE 11TH DISTRICT OF NEW JERSEY

"Heroes come in all shapes and sizes, real and imagined.  
Their courage and strength inspire others, including  
people they have never met.

There is little question that you - the healthcare workers of  
New Jersey - are our heroes. You put your health and  
safety on the line to take care of our community. You have  
performed miracles and acts of kindness that have been  
bright spots in an otherwise dark time. I have heard from  
residents across the district about just how much you  
mean to us.

It is my deepest hope that 2021 brings you peace and joy.  
Please know that you are in our hearts this holiday season."

**Congresswoman Mikie Sherrill**

"You have one of those jobs where, if someone is lucky enough to have never needed you, you might be invisible.

However, when you know, you \*really\* know how meaningful it is, that you step up, and show up with a full heart to help. Under normal circumstances, that alone makes you a hero. Under these circumstances, I believe you are an actual angel. Thank you for your meaningful work. Thank you thank you thank you."

Sarah, Montclair

"Your dedication to service,  
compassion and courage will be  
remembered long after this pandemic  
has been resolved. Without you,  
many more lives would have been lost.

May you enjoy good health and  
happiness during this holiday season  
and throughout the years to come.

Sincerely, a grateful admirer."

Lois, Wanaque

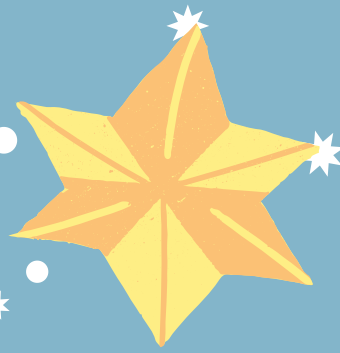

"To all of the front line workers, physicians, nurses and everyone else on the healthcare team putting themselves in harm's way for patients they have never met, we thank you from the bottom of our hearts. While some lives have been lost, your efforts will save millions and allow people, including yourselves, to return to a more normal lifestyle with family and friends. We are grateful for all you do."

Art, Chatham

"New Jersey's healthcare workers have been an extraordinary inspiration this year. Against all odds they have marched into the unknown, day after day facing down fear and exhaustion; they have consistently put their welfare and that of their families on the line to treat and save their patients. They are a potent reminder of what leadership, integrity and selflessness look like. We owe them a huge debt of gratitude. In this season of faith, joy and promise, I hope for their continued strength, well-being and good health."

"Dear Healthcare Workers,

Thank you for maintaining the frontlines of the pandemic for the last 9 months. As the Christmas Season is upon us, you are again on the forefront of an increased wave of the Corona. I want to bring special attention to Roberta W., admissions person, at St. Joseph's Rehab and Nursing Center in Cedar Grove. Thank you, my special angel, for all that you do to keep our elderly safe and sound all the time and during this pandemic. You and the other little angels of St. Joseph's give a 110% of yourselves in these hard holiday times. Let God's blessing fall upon you and all of our healthcare workers this Christmas and continue into the New Year."

"Dear healthcare worker,  
Thank you so much for all of the extra  
effort that you have been putting in since  
March! I know it takes a very real  
emotional and physical toll. My GI spent  
months working in NYC, I've heard how  
gut-wrenching the experience was. I am  
grateful that you and your colleagues  
have taken such good care of the citizens  
of NJ. I am wishing the very best for all of  
you and your families."

Kathryn, West Caldwell

"Just a quick note to express my appreciation and thankfulness for all of the healthcare providers. You provided fantastic care without knowing all of what was to come. Thank you for your unselfishness in the job that you chose to do- and all that you have done for us in 2020 and beyond!!"

Jeanne, Randolph

"I am grateful for this opportunity to say thank you for the wonderful people who work around the clock to keep us healthy. I had first-hand knowledge of this last week when my husband was admitted to the emergency room at Morristown Memorial. I was not allowed to stay to make sure everyone stayed safe but I did not worry because even though the nurses and doctors were extremely busy, he was well taken care of and both physically and emotionally. Thank you and our love and prayers go out to all of our responders."

Carmela, Madison

"I cannot put into words

of people. Thank you from  
the bottom of my heart.

Stay well!"

A very special thank you to the ICU and Hospice nurses. They helped to make a difficult situation a little easier. My father had back surgery in December. All doctors and nurses do an amazing job and I sincerely thank you for all you do day in and day out. What you all do is amazing and it doesn't go unnoticed.
